Time : 08.00 am to 04.30 pm

Venue: V N C, AUDITORIUM

Dear Friends and Fraternity

We the practicing nursing professionals are fortunate to commemorate the 200th birth anniversary of Florence Nightingale in the year 2020.

The World Health Organization (WHO) declaration of the year 2020 as the "Year of the Nurse and Midwife" to endorse the contribution of nurses to health and humanity. From time immemorial nurses and midwives play a vital role in the health care delivery system. The year 2020 aims at raising the profile of nursing and highlighting the importance of investing on nurses education, promotion of the advanced role played in the health team and develop the future leaders in nursing.

The International Council of Nurses (ICN) initiated "Nightingale Challenge" for 2020 in the "Nursing Now website", requesting for every health employer to provide leadership and development training for a group of young nurses and midwives during 2020. Well, our Tamilnadu Nurses and Midwives Council being the first and the most premier Council in South East Asia has taken the strides in preparing the 2nd generation of nurses in leadership by conducting the Leadership Excellence And Professionalism (LEAP) in the state of Tamilnadu. In continuation of building this leadership endeavours the Council provides guide lines for a one day interactive session for every Nursing Institution in Tamilnadu to empower, enhance and help nurses to exhibit their leadership to improve the health of people, health care and the nursing profession at large.

The "Nightingale Challenge" is an opportunity for all participating Institution to be part of a great global movement "Nursing Now" to develop nursing and midwifery. This is an unique opportunity to honour the nursing contribution to the health of our world by celebrating the bicentenary of the birth of Florence Nightingale. On this regard, Vignesh Nursing College has been chosen by the council as one of the platform to host a workshop on LEAP, we take pride to conduct and welcome all nursing fraternity for the workshop.

Aim

- Build personal and professional leadership qualities of young nurses from various health sectors to raise the visibility of nurses by participating in the Nursing Challenge for 2020.
- The one day workshop will ignite the potential of nurses to innovate, to lead and to advocate policy decisions for patient care endeavours in global health.
